

Dr. J R Ross
Police Surgeon

21 March 2001

Procurator Fiscal
Sheriff Court House
Stirling

Dear Sir

Reference: CEU 01000190 (Cornton Level Crossing 5th March 2001)

I use this crossing regularly.

I am fully aware of the normal light sequence.

I am wary of such crossings and always approach with caution and at low speed.

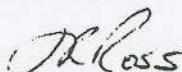

I have never attempted to 'jump' these lights.

I did not see flashing amber lights, nor any red lights.

I am appalled at the potential risk this posed to myself and others.

There must be a major problem with these warning lights.

Yours Faithfully

Dr. Joan Ross
